

Proven, simple system bridges the distance in healthcare.

RemetricHealth provides **physician groups, hospitals, home health agencies** and **payers** with remote, real-time biometric and compliance monitoring, management tools and unlimited clinical services conducted by our nursing staff to assess patients remotely between visits. Our solutions help improve outcomes, increase patient satisfaction, and reduce the number of acute events and hospital readmissions.

We offer a variety of biometric medical devices and unlimited remote care management services inclusive of:

- ✔ Patient Enrollment & Consent
- ✔ Biometric Device Delivery
- ✔ Patient Training & Setup
- ✔ Patient Mobile App
- ✔ Unlimited Biometric & Compliance Monitoring
- ✔ EHR Integration
- ✔ Reimbursement Reports
- ✔ HIPAA Compliant Portal

RemetricHealth's RPM solutions can help patients with conditions including:

CHF

COPD

Diabetes

Hypertension
